Walk Up Jardine House 2011

Raises a record of HK\$3.1 million to fund the promotion of mental health in the community with the aim of reducing the stigma associated with people suffering from mental illness

Hong Kong, 17th April 2011 – Over 500 Jardines' executives, staff from all business units, business associates, families and their friends joined forces to raise over HK\$3.1 million today in the annual Walk Up Jardine House. Participants walked – and some ran – up 49 floors, covering 947 steps, to reach the Penthouse of Jardine House at a height of 600 feet.

All proceeds from the event go to MINDSET, a registered charity established by the Jardine Matheson Group that focuses on mental health issues. The funds will be allocated to the promotion of mental health in the community with the aim of reducing the stigma associated with people suffering from mental illness.

Walk Up Jardine House 2011 consisted of individual and team races, as well as a mass walk following the awards presentation. The School Relay race featured ten teams from the schools participating in the 'Health in Mind' programme. Jardines fielded 30 teams made up of staff and friends in the Inter-Divisional relay races. There were 19 participants for the Individual races, while representatives from 29 Jardines business associates participated in a relay race.

Participants were encouraged to dress up for the event to compete for the 'Fancy Dress Awards'. The Group Award went to Hong Kong Air Cargo Terminals Limited (Hactl). There was also a Fund Raising Award in recognition of the Jardines business units and business associates that raised the highest amount of funds. The Fund Raising Awards were won by Dairy Farm and The Nielsen Company Hong Kong respectively.

Walk Up Jardine House is organized by the Jardine Ambassadors, young executives from across Group companies who spearhead the community projects. Since 1982, the Jardine Ambassador programme has raised more than HK\$30 million for over 360 charitable projects, benefiting more than 350,000 people. Launched in 2002 and led by the Jardine Ambassadors, MINDSET is the Jardine Matheson Group's philanthropic initiative in Hong Kong and mainland China intended to make a difference in the area of mental health. It aims to raise awareness and understanding of mental health issues and to provide practical support for charitable initiatives in the sector (www.mindset.org.hk).

Education is one of the key focuses of the MINDSET programme. As a platform to promote a positive attitude towards mental illness among young people, Jardine Ambassadors are leading the efforts through the in-school 'Health in Mind' programme, co-organized with the Hong Kong Hospital Authority. Since 2002, the programme has reached 60,000 students, teachers and parents, and currently covers 22 secondary schools.
