

JEC Strengthens Market Presence with Investment in Krueger

(30 November 2023 - Hong Kong) Jardine Engineering Corporation Limited (JEC) and Krueger Engineering Group (Krueger) are pleased to announce a strategic investment from JEC in Krueger. This investment signifies a significant milestone for both companies, as they unite to capitalise on growth opportunities.

JEC has always placed great importance on sustainable business expansion to meet the needs of customers. With over 30 years of experience and operations across Hong Kong, Mainland China, and Macau, Krueger brings valuable building services expertise to JEC.

As a leading provider of engineering solutions and services with 100 years of history, JEC has deep expertise in a wide range of E&M solutions. Mr. Noky Wong, Chief Executive of JEC, expressed, "By incorporating Krueger's building services capabilities, JEC will bolster our suite of multi-disciplinary E&M services, which will enable us to better serve our customers."

The Managing Partners of Krueger, Mr. Raymond Synn and Mr. Bernard Leung, added, "We are excited about this partnership as it gives us enhanced access to large-scale projects, new technologies, and JEC's corporate resources."

Raymond and Bernard will continue as Managing Partners and steer Krueger as it enters a new chapter of growth.

About JEC

JEC is a leading provider of engineering services, sourcing and contracting expertise. It enables customers to operate their facilities at world-class standards by providing the professional expertise to design, supply and install building and specialized processes; facility operation and management; asset enhancement and energy management; and the sourcing of electrical and mechanical equipment and architectural fixtures.

JEC is headquartered in Hong Kong and operates throughout Asia. JEC is a member of the Jardine Matheson Group.

About Krueger

Krueger offers comprehensive multi-discipline engineering capabilities for design, supply, installation, commissioning, and maintenance of Electrical and Mechanical systems. Engineering expertise encompasses integrated systems. Krueger's vertically integrated structure allows a "turnkey" service to the Clients and ensure better quality control.

Krueger was established in 1986, and has a strong business presence in Hong Kong, Mainland China and Macau.
