## Schindler elevates the Hong Kong International Airport

**Schindler Hong Kong has been awarded the escalator and moving walkways contract for the expansion of Terminal 2 at the Hong Kong International Airport. This marks Schindler's first project with the city's aviation hub.**

The expansion of Terminal 2 is part of the Three-Runway System project at the airport, scheduled to be completed in 2024. Doubling the size of the existing building and increasing its passenger handling capacity to 50 million passengers per annum ultimately, the enhanced terminal will include outstanding architectural design to facilitate a simple and efficient flow of passengers and baggage.

The project consists of 55 escalators and 21 moving walkways. Schindler was selected for its long-standing commitment to quality and customer centricity. Rigorous universal standards of safety - from production, through installation, and maintenance - is a mainstay feature of every Schindler unit, along with ever-greater improvements in energy efficiency, and economical space savings.

"Jardine Schindler is proud to be a part of this journey in strengthening Hong Kong's status as an international aviation hub," said Elton Chan, Jardine Schindler's Group CEO. "Our mobility solutions are integral to help optimize convenience and safety for passengers at this state-of-art transportation hub."

### **About Jardine Schindler:**

Jardine Schindler Group (JSG) is a Joint Venture between Jardine Matheson in Hong Kong and Schindler Group of Switzerland, who between them bring over 300 years of experience in business management, regional specialization and engineering excellence. JSG is headquartered in Hong Kong and designs, engineers, installs, maintains and modernizes elevators, escalators and moving walkways in Brunei, Cambodia, Hong Kong, Macau, Malaysia, Myanmar, Indonesia, the Philippines, Singapore, Thailand, Taiwan and Vietnam. On average, 100 million people throughout the Asia Pacific regions will be transported by equipment supplied and maintained by JSG on any given day.
